## AVISHKAR

### OVERVIEW:

Avishkar brings you a golden opportunity to showcase your technical knowledge and present your innovative ideas through a project

You can present our projects developed for various competitions like Smart India Hackathon, Mini-projects, final year projects and more.

Enhance your novel thinking and experience a research atmosphere among participants.

### Description:

1. This competition is open to all the students, Degree and Diploma Engineering Courses.

Any institute/college can send any number of entries.

2. Projects can be in the form of working model /software/ simulation based/industry sponsored/experiments. If exhibition of working model is not possible then it can be presented in the form of a poster or video.

### STRUCTURE:

The event will be conducted in FOUR categories:

1. HARDWARE
2. SOFTWARE
3. SCIENCE EXPERIMENTS
4. IDEAS

- Participants have to submit the idea of the project in the form of PowerPoint presentations in PDF format.
- Participants must bring the models of the project/code and the PPT of the idea
- Participants have to present their project /model/website to the guest and faculty judges and they will be asked questions based on their project/model/website.
- PPT presentation is mandatory for all four categories, the participants should have their own devices for the presentation.
