JIGYASA

DISCOVER, DIAGNOSE, DEMYSTIFY

OVERVIEW

"Jigyasa" is an enlightening workshop set to conduct an insightful interview with a distinguished personality from Defense/Civil Services. The session aims to impart knowledge, inspire, and instill a fervent desire among participants to serve the country with a technical edge. By engaging with esteemed figures, Jigyasa seeks to foster a deep understanding of the intersection between technology and national service, motivating attendees to contribute meaningfully to the nation's development.
